

# Instructions to Use the Banner and Panel for Social Media and Printing

Two .psd file and two sample images .png files are being shared for your convenience. These files are already high resolution of 200 and 600 resolution. Please use them according to your needs

In the Banner and Panel, you need to place 3 items according to your requirement:

1. Insert the Country Flag image on top right corner.
2. Cooperative Company logo (optional)
3. Change the name to the city to which your planting it in. (E.g. Karachi, Bali, Tehran, Beijing etc.)

After making the banner, take a few snaps with the plant or plants and send the image with the article of 2 paragraph with the author's Full Name, Brief Profile and Profile Picture in a MS. Word file format, to the below addresses:
